1ST GLOBAL CORROSION MANAGEMENT SUMMIT

Theme: Coatings and Linings
August 24-25, 2011; India Habitat Centre, New Delhi, India
INTRODUCTION

India loses a colossal figure of over Rs 2 lac crores every year due to the menace of corrosion. These expenses can be brought down to half if the good practices are followed to prevent and control corrosion. This offers a big opportunity to save cost and also enhance the life of products, plant & machinery, and civil structures.

The Confederation of Indian Industry (CII) established a Corrosion Management Committee (CMC), which works to continuously create awareness and consciousness about the issue of corrosion in India, and promotes corrosion prevention strategies among industries and particularly SMEs. To give a spur to corrosion management culture in Indian Industry, Confederation of Indian Industry is organising 1st Global Corrosion Management Summit on 24-25 August 2011 at India Habitat Centre, New Delhi, India.

THEME

Significant savings in cost and increase in life of the equipment can be achieved with right selection of coatings & linings and its proper maintenance. The summit theme - Coatings & Linings would focus on addressing the most important issues related to maintenance, restoration of coatings, linings of older equipments & industrial plant. The summit will also introduce participants to new innovations in coatings and linings for new structures of various types of materials.
OBJECTIVES

- To identify and learn world best practices in corrosion management of coatings & linings
- To help engineers and designers understand corrosion so that they can solve existing corrosion problems and prevent future ones
- To establish key partnerships with leading institutions on corrosion management from all around the world and seek key inputs
- To showcase new products and technologies in corrosion prevention through concurrent exhibition

COVERAGE

- Basics of corrosion, coatings and linings
- Corrosion management issues of coatings & linings
- Maintenance & inspection of coatings & linings
- Rehabilitation of coatings & linings
- Innovation in coatings & linings
- Corrosion failures and case studies
- Corrosion management for extreme conditions
- Strategies to bring corrosion prevention into national focus

INDUSTRY PROFILE

- Aluminium
- Automobile
- Cement
- Chemicals
- Fertilizers
- Glass
- Oil & Gas
- Petrochemicals
- Pharmaceutical
- Power Plants etc.
- Pulp & Papers
- R & D institutes
- Steel
- Sugar
- Textiles

PARTICIPANT PROFILE

- Senior and middle level managers
- Project engineers
- Quality assurance managers
- Maintenance personnel and engineers
- Production personnel and engineers
- R & D personnel and engineers
The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the growth of industry in India, partnering industry and government alike through advisory and consultative processes. CII is a non-government, not-for-profit, industry led and industry managed organisation, playing a proactive role in India's development process. Founded over 116 years ago, it is India's premier business association, with a direct membership of over 8100 organisations from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 90,000 companies from around 400 national and regional sectoral associations. CII catalyses change by working closely with government on policy issues, enhancing efficiency, competitiveness and expanding business opportunities for industry through a range of specialised services and global linkages. It also provides a platform for sectoral consensus building and networking. Major emphasis is laid on projecting a positive image of business, assisting industry to identify and execute corporate citizen programs. Partnerships with over 120 NGOs across the country carry forward our initiatives in integrated and inclusive development, which include health, education, livelihood, diversity management, skill development and water, to name a few. CII has taken up the agenda of “Business for Livelihood” for the year 2011-12. This converges the fundamental themes of spreading growth to disadvantaged sections of society, building skills for meeting emerging economic compulsions, and fostering a climate of good governance. In line with this, CII is placing increased focus on Affirmative Action, Skills Development and Governance during the year. With 64 offices and 7 Centres of Excellence in India, and 7 overseas offices in Australia, China, France, Singapore, South Africa, UK, and USA, as well as institutional partnerships with 223 counterpart organisations in 90 countries, CII serves as a reference point for Indian industry and the international business community.

Business enterprises worldwide are increasingly focusing on enhancing production and improving quality, while reducing costs. In such a scenario, it is important for small and medium enterprises (SMEs) to remain competitive. The CII - AVANTHA Centre for Competitiveness for SMEs was established in 2004, with a view to providing SMEs in India with a one-stop consultancy service. There are more than 11.86 million SMEs in India, which contribute nearly 40 per cent of the country's total industrial output. If the country's economy is to be strengthened, it is imperative that these SMEs receive tactical support to remain competitive. The Chandigarh-based CII -AVANTHA Centre for Competitiveness for SMEs aims to build competitive and visionary SMEs. The Centre offers consultancy services on a wide range of critical issues such as manufacturing excellence, energy management, cost management, human resource development, etc. Although the Centre does provide services to individual companies, it encourages the formation of groups or clusters of SMEs. A number of companies, which share the same location, sector or even OEM vendor, are allocated to these clusters. This approach encourages SMEs to form, share and draw from a common knowledge pool. The Centre offers the following services:

- Clusters for Competitiveness
- Energy Audit and Management
- Manufacturing Excellence
- Total Cost Management
- Human Resource Management
- Corrosion Management
- New Product Development

**Group discount**: 10% discount on companies nominating 3 or more than 3 participants

**Early bird discount**: 10% discount on nominations received on or before 20th July, 2011

**The following persons will attend the Summit as delegate(s):**

Our demand draft No./Cheque no.__________ dated ___________ Bank ________________________ for Rs. ___________ drawn in favour of “Confederation of Indian Industry” payable at Chandigarh is enclosed.

**B) SPONSORSHIP OPTIONS**

I would be interested to sponsor the above Summit **YES / NO**  
(For more details, please contact at the above phone numbers)

**C) EXPOSITION**

Please reserve ____________________ sqm of space, Stall No. __________________ for my organization to exhibit.

Name: ___________________________  
Designation: ____________________

Organisation: ____________________  
Address: _________________________

Phone: ___________________  
Fax: _____________________  
Email: _______________________

*Pre - registration and pre - payment is a must.  
*Delegate fee is non - refundable, however change in nomination is acceptable.  
*Programme is non-residential.  
*Please use extra sheet for additional nominations.
